

ICBP 2013 Summer Cancer Research Fellowship/Internship Program: Application

Welcome to the National Cancer Institute's Integrative Cancer Biology Program Summer Cancer Research Program's opportunities for sophomore, junior and senior level college students!

Online applications may be submitted beginning **Monday, December 03, 2012**. The online application is the only format accepted by the ICBP 2013 Summer Cancer Research Fellowship/Internship Program. The deadline for Student applications is **Tuesday, January 22, 2013**; completed Faculty recommendations must be received no later than **Tuesday, January 29, 2013**.

In order to be considered for the program, you must fulfill the following requirements:

- Be a college Sophomore, Junior or Senior in Fall of 2012
- Be enrolled in an accredited US college or university
- Live in the continental US
- Be a US citizen or hold a permanent visa

If you meet all of these requirements, please proceed to the next step of this application. There you will see the information required to complete this portion of the application process and instructions on the Faculty recommendation process, which then completes your application.

Priority will be given to students who have:

- A 3.0 GPA during the last three semesters
- Completed relevant coursework in biology, chemistry, physics, engineering, computer science, statistical science and mathematics

Note: This information will only be used for the purpose of evaluating and selecting candidates for the NCI-ICBP Summer Cancer Research Fellowship/Internship Program. By submitting your application, you agree to allow the information to be reviewed by the Principal Investigator of each of the hosting NCI-ICBP Cancer Centers.

For questions regarding the NCI-ICBP 2013 Summer Cancer Research Fellowship/Internship Program, please contact [Betty Tarnowski, Ph.D.](#) . For questions about the application or recommendation forms, please contact [Teresa Stitely, PMP](#).

Thank you!

Begin Application

ICBP 2013 Summer Cancer Research Fellowship/Internship Program: Application

Step 1: Directions

Before beginning this application please make sure you have **all** of the following information on-hand. Do not begin this application unless you have this information ready to enter.

- Your Home Address
- Your Academic Address (how you can be reached during the school year)
- Your personal E-Mail Address (during and after the school year)
- Your Home Phone (during and after the school year)
- Your Other Phone (during and after the school year)
- Name and E-Mail addresses for the Faculty Members who will be providing your recommendations (NOTE: These e-mail addresses are extremely important. They will be used by this system to provide the faculty members you list with a link to your submitted application so they can enter their recommendations online in the format provided. To ensure that your application will be considered, please notify your recommending Faculty in advance of the application deadline and that they will receive this email communication to submit recommendations in the web-based format ONLY!).
- A description of your research experience (400 words maximum)
- An explanation of why you would like to participate in the NCI ICBP program (400 words maximum)
- An **unofficial** electronic transcript (.pdf ONLY!) from all college/universities you have attended

Yes, I have this information. Go to Step 2 >

ICBP 2013 Summer Cancer Research Fellowship/Internship Program: Application

Step 4: Application Information

Application Have you submitted the 2013 ICBP Summer Cancer Research Fellowship/Internship Program Application previously?

- No
 Yes (If yes, please indicate why you are resubmitting:)

Recommendations Two faculty members must provide recommendations for you. An email to the two addresses you enter for faculty recommendations will be generated automatically upon successful submission by you of this application. Those emails will contain a link to the online recommendation form faculty should use to recommend you to the Summer Cancer Research Fellowship/Internship Program. No other recommendation format will be considered.

As a courtesy and to ensure that your application will be considered for the program, please inform your faculty contacts of the forthcoming email and the application deadline.

Name	E-Mail

<input type="text"/>	<input type="text"/>

Project Choices Please select in the order of preference any two projects of interest to you for which you would like to apply. Choose the University. For a full description of the projects, please check [2013 Summer Project Descriptions](#).

First:
 Second:

Research Experience Please describe your previous research experience (400 word maximum):

Words Typed: Words Left:

Research Interest Please rate your interest in these three areas (1 high, 2 average, 3 low):

	1	2	3
Biological "wet" lab	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analytical mathematics	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Computer science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Research Competence Please rate your competence in these three areas (1 high, 2 average, 3 low):

	1	2	3
Biological "wet" lab	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analytical mathematics	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Computer science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Statement of Interest

Please divide your response into three sections:

1. General interest in research (400 word maximum):

Words Typed: Words Left:

2. Rationale/specific reason for selection of your first choice of projects (400 word maximum):

Words Typed: Words Left:

3. Rationale/specific reason for selection of your second choice of projects (400 word maximum):

Words Typed: Words Left:

< Step 4 Submit Application

ICBP 2013 Summer Cancer Research Fellowship/Internship Program: Application

Step 6: Finished! (you may wish to print this page for future reference)

There are 2 parts to this application process. You have successfully completed the **first** part of the application process and a confirmation of your application submission has been sent to the e-mail addresses that you listed in your personal information in Step 2 (,). The **second** part of this application process involves successfully receiving recommendations from the Faculty you indicated in Step 4.

Please note that your application will not be considered until we receive two (2) faculty recommendations.

E-mails were generated by this application to the Faculty e-mail addresses that you indicated in Step 4 (,). Those faculty members *must* follow the instructions in that e-mail to enter their online recommendations. No other format for recommendations will be accepted. Once they have completed their recommendations, this system will send you an e-mail to the e-mail addresses that you listed in your personal information in Step 2 (,).

If you do not receive an e-mail confirming receipt of each Faculty's recommendation prior to the application deadline of January 22, you may wish to follow up with your Faculty members to remind them that they *must* follow the directions outlined in that e-mail in order to provide their recommendations.

Thank You.

Note: This information will only be used for the purpose of evaluating and selecting candidates for the NCI-ICBP Summer Cancer Research Fellowship/Internship Program. By submitting your application, you agree to allow the information to be reviewed by the Principal Investigator of each of the hosting NCI-ICBP Cancer Centers.

For questions regarding the NCI-ICBP 2013 Summer Cancer Research Fellowship/Internship Program, please contact [Betty Tarnowski, Ph.D.](#) . For questions about the application or recommendation forms, please contact [Teresa Stitely, PMP](#).
